

# Equinox Confetti Canon - Safety Data Sheet

(in accordance with regulation 453/2010/EC)

CONFXXXX

## Section 1. Identification

**1.1 Product Identifier** CONFXXXX

Product Name Confetti Canon

CAS Number Not applicable

REACH Registration No

### 1.2 Relevant identified uses of the substance or mixture & uses advised against

Uses of Material Used in confetti canons

**1.3 Supplier** Prolight Concepts (UK) Ltd, Edison Point,  
Regent Street, Colne, Lancashire BB8 8LJ

**PROLIGHT**

Concepts Group

Phone 01254 704111

Email info@prolight.co.uk

**1.4 Emergency Telephone** (09:00-17:30) 01254 704111

(Have this document to hand)

## Section 2. Hazards Identification

### 2.1 Classification of the substance or mixture

#### Classification according to regulation 1272/2008/EC

Gases Under Pressure.

### 2.2 Label elements

#### Labelling according to regulation 1272/2008/EC

WARNING H280 contains gas under pressure; may explode if heated. P410 + P403 protect from sunlight. Store in WELL ventilated place.

## Section 3. Composition

### 3.2 Mixtures

Nitrogen - 100% Concentration. **CASno** 7727-37-9. **EC No.**231-783-9.

## Section 4. First Aid

### 4.1 Description of first aid measures

Eyes Irrigate thoroughly with plenty of water for at least 15 minutes, holding the eye open. If discomfort persists  
OBTAIN MEDICAL ATTENTION.

Skin Not irritating to skin.

Inhalation Remove from exposure.

Ingestion Wash out the patients mouth thoroughly with water. Do not induce vomiting.

**4.2 Most important symptoms and effects, both acute & delayed.**

No further relevant information available.

**4.3 Indication of any immediate medical attention and special treatment needed.**

No further relevant information available.

**Section 5. Fire Fighting**

**5.1 Extinguishing media**

|                     |                                                                                                              |
|---------------------|--------------------------------------------------------------------------------------------------------------|
| Extinguishing Media | Alcohol resistant foam, dry powder, or carbon dioxide. Use water spray to keep fire exposed containers cool. |
| Unsuitable Media    | Nothing specified.                                                                                           |

**5.2 Special hazards arising from the substance or mixture**

|         |                                                                                                |
|---------|------------------------------------------------------------------------------------------------|
| Hazards | Not combustible but assists burning. Presents no specific health hazard if involved in a fire. |
|---------|------------------------------------------------------------------------------------------------|

**5.3 Advice for firefighters**

|                         |                                               |
|-------------------------|-----------------------------------------------|
| Advice for firefighters | Consider all other materials in the vicinity. |
|-------------------------|-----------------------------------------------|

**Section 6. Accidental Release Measures**

**6.1 Personal precautions, protective equipment and emergency procedures**

|                     |                                                                     |
|---------------------|---------------------------------------------------------------------|
| Personal Protection | Presents no major hazards. Do not allow other people to enter area. |
|---------------------|---------------------------------------------------------------------|

**6.2 Environmental precautions**

|               |                               |
|---------------|-------------------------------|
| Environmental | Clean up as soon as practical |
|---------------|-------------------------------|

**6.3 Methods and material for containment and cleaning up**

|                |                                         |
|----------------|-----------------------------------------|
| Major Spillage | Clean by sweeping or vacuuming the area |
| Minor Spillage |                                         |

**6.4 Reference to other sections**

See section 8.2 for information on protective equipment and section 13 for information on disposal.

**Section 7. Storage & Handling**

**7.1 Precautions for safe handling**

Avoid contact with eyes.

**7.2 Conditions for safe storage, including any incompatibilities**

Well ventilated, cool, dry storage . Protect from direct sun and store away from sources of ignition. Keep containers closed when not in use.  
Contents are under pressure

**7.3 Specific end use(s)**

See section 1.2.

**Section 8. Workplace Exposure & Personal Protection**

**8.1 Control parameters**

|                    |                         |
|--------------------|-------------------------|
| Workplace Exposure | No hazardous components |
|--------------------|-------------------------|

**8.2 Exposure controls**

|                        |                                                                                                                    |
|------------------------|--------------------------------------------------------------------------------------------------------------------|
| Respiratory Protection | Presents no significant inhalation health hazard.                                                                  |
| Hand Protection        | No Special requirements.                                                                                           |
| Eye Protection         | Use shatter proof glasses or goggles.                                                                              |
| Skin Protection        | Avoid contact with skin. If skin contact or contamination of clothing is likely, protective clothing must be worn. |
| Special Hazards        | No special precautions required.                                                                                   |

## Section 9. Physical & Chemical Properties

### 9.1 Information on basic physical and chemical properties

|                       |                                          |
|-----------------------|------------------------------------------|
| Appearance            | Black Cylindrical paper tube. Odourless. |
| Odour                 | Not Applicable                           |
| pH                    | Not applicable                           |
| Boiling Point         | Not applicable                           |
| Melting Point         | Not applicable                           |
| Flash Point           | Not applicable                           |
| Upper Flammable Limit | Not applicable                           |
| Lower Flammable Limit | Not applicable                           |
| Auto Ignition         | Not applicable                           |
| Explosive Properties  | No.                                      |
| Oxidising Properties  | No.                                      |
| Vapour Pressure       | Not applicable                           |
| Relative Density      | Not Applicable                           |
| Water Solubility      | Not Applicable.                          |

### 9.2 Other information

No data available.

## Section 10. Stability & Reactivity

|                                                |                                |
|------------------------------------------------|--------------------------------|
| <b>10.1</b> Reactivity                         | No data available.             |
| <b>10.2</b> Chemical Stability                 | Stable under normal conditions |
| <b>10.3</b> Possibility of hazardous reactions | No data available.             |
| <b>10.4</b> Conditions to Avoid                | No specific conditions.        |
| <b>10.5</b> Incompatible Materials             | No data available              |
|                                                | No data available              |
| <b>10.6</b> Hazardous Decomposition Products   |                                |

## Section 11. Toxicological Information

### 11.1 Information on toxicological effects

|                      |                   |
|----------------------|-------------------|
| Eyes                 | No Data Available |
| Skin                 | No Data Available |
| LD50 Skin            | No Data Available |
| Ingestion            | No Data Available |
| LD50 Oral            | No Data Available |
| Inhalation           | No Data Available |
| LD50 Inhalation      | No Data Available |
| TCLo                 | No Data Available |
| Carcinogenicity      | No Data Available |
| Mutagenicity         | No Data Available |
| Reproductive Effects | No Data Available |

## Section 12. Ecological

|                                              |                          |
|----------------------------------------------|--------------------------|
| <b>12.1</b> Toxicity                         | No Data Available        |
| LC50 Algal                                   | Not available            |
| LC50 Crustacea                               | Not available            |
| LC50 Fish                                    | Not available            |
| <b>12.2</b> Persistence and degradability    | No data available.       |
| <b>12.3</b> Bioaccumulative potential        | No data available.       |
| <b>12.4</b> Mobility in soil                 | No data available.       |
| <b>12.5</b> Results of PBT & vPvB assessment | Assessment not required. |
| <b>12.6</b> Other adverse effects            | None known at present.   |

## Section 13. Disposal Considerations

### 13.1 Waste treatment methods

|                        |                                                  |
|------------------------|--------------------------------------------------|
| Disposal Methods       | Dispose of in manner consistent with regulations |
| Contaminated Packaging | No Data Available                                |

## Section 14. Transport Information

|                                          |                                  |
|------------------------------------------|----------------------------------|
| <b>14.1 UN Number</b>                    | Non-restricted                   |
| <b>14.2 Proper Shipping Name</b>         | Non-restricted                   |
| <b>14.3 Transport classes</b>            |                                  |
| UN classification                        | None                             |
| Subsidiary Risk                          | None                             |
| Transport category                       | None                             |
| ADR Hazard ID                            | Non-restricted                   |
| Tunnel Restriction Code                  | Non-restricted                   |
| <b>14.4 Packing Group</b>                | None                             |
| <b>14.5 Environment hazards</b>          | See section 12.                  |
| <b>14.6 Special precautions for user</b> | No special precautions required. |
| <b>14.7 Transport in bulk</b>            | Not transported in bulk.         |

## Section 15. Regulatory Information

### 15.1 Safety, health and environment regulations specific for substance/mixture.

Not classified as hazardous under Classification, Labelling & Packaging of Substances & Mixtures Regulations (1272/2008/CE).

### 15.2 Chemical safety assessment

Assessment not required.

## Section 16. Other Information

The information contained in this document only covers the hazards presented by this material, it DOES NOT constitute a workplace risk assessment. See sections 11 for toxicological information and section 12 for ecological information.
