

Congratulations

You just verified a **Premium Certified HDMI Cable with Ethernet**

This indicates that the package contains following cable(s):

Quantity: 1
Brand: CYP
Model: HDMP-200M
Type: Premium Certified HDMI Cable with Ethernet
Length: 2 meters

The Premium High Speed HDMI Cable with Ethernet is tested and certified at HDMI Authorized Test Centers to support features including 4K@60, up to 18Gbps bandwidth and HDR, ARC/eARC and a wide range of HDMI features. Now that 4K content is available, these are the cables-of-choice for set-top box and streaming device installations.

Important Note
